**Date:** September 3, 2014

**To:** Honorable Chairwoman Rebeca Sosa  
and Members, Board of County Commissioners

Agenda Item No. 8(L)(6)

**From:** Carlos A. Gimenez  
Mayor

**Subject:** Joint Participation Agreement Between Miami-Dade County and the City of Miami to Provide the City of Miami with Funding in an Amount up to \$1,529,000.00 for the Construction of a Sidewalk Improvement Project Along 1) Grand Avenue from McDonald Street to Mary Street, 2) Main Highway from McFarlane Road to Franklin Avenue, and 3) McFarlane Road from South Bayshore Drive to Grand Avenue; and Authorizing the Use of Charter County Transportation Surtax Funds

## Recommendation

It is recommended that the Board of County Commissioners (BCC) approve the attached resolution authorizing execution of a Joint Participation Agreement (JPA) between Miami-Dade County (County) and the City of Miami (City) to reimburse the City for the construction of a sidewalk improvement project along 1) Grand Avenue from McDonald Street to Mary Street, 2) Main Highway from McFarlane Road to Franklin Avenue, and 3) McFarlane Road from South Bayshore Drive to Grand Avenue (Project).

This JPA is placed for Committee review pursuant to Miami-Dade County Code Section 29-124(f). This JPA may only be considered by the BCC if the Citizens' Independent Transportation Trust (CITT) has forwarded a recommendation to the BCC prior to the date scheduled for BCC consideration or forty-five (45) days have elapsed since the filing with the Clerk of the Board of this JPA. If the CITT has not forwarded a recommendation and forty-five (45) days have not elapsed since the filing of this JPA, I will request a withdrawal of this item.

## Scope

The Project lies within the City in Xavier L. Suarez's Commission District 7.

## Fiscal Impact/Funding Source

The total cost of the Project is \$3,573,540.14. The County will provide up to \$529,000.00 from Secondary Gas Tax funds, and up to \$1,000,000.00 from proceeds collected through the Charter County Transportation Surtax (Surtax). Corresponding funding index codes are CPE07SEC.BCC99C., and CPEPTP707SDW. The Capital project number is 604600. The balance of Project costs, \$2,044,540.14, will be provided by the City.

## Track Record/Monitor

The County will utilize the resources of the City to contract and construct the Project on a reimbursable basis. The construction of the Project will be assigned to Mr. Bassam Moubayed, CFM, Chief, Construction Division, Public Works and Waste Management Department (PWWM), who will oversee construction inspections conducted by PWWM staff before the release of construction funds is recommended.

Honorable Chairwoman Rebeca Sosa  
and Members, Board of County Commissioners  
Page No. 2

Whenever County funds are utilized for work under this JPA, the City agrees to comply with applicable County regulations including, but not limited to, the Community Small Business Enterprise (CSBE) Program, Community Business Enterprise (CBE) Program, the Community Workforce Program (CWP), and the Responsible Wages and Benefits Ordinance (Ordinance No. 90-143). The County's Small Business Development Division has reviewed the work covered under this JPA and has recommended a No-Measure CSBE Subcontractor Goal in the construction of the project.

**Background**

Working with City staff, the County agreed to prepare a JPA which would propose to provide up to \$529,000.00 from Secondary Gas Tax funds towards the Project. Subsequently, the Commission District 7 office approved up to \$1,000,000.00 from its PTP Neighborhood Improvement allocation towards the Project. The total funding shall be disbursed for eligible costs as defined in the JPA.

The City has requested the installation of enhanced brick sidewalk to address the existing condition of sidewalks in the Coconut Grove area. Construction plans are being prepared by the City and they have agreed to bid and construct the Project on a reimbursable basis. The Project will include the removal of existing pavers, installation of new pavers, and landscaping. The City shall be solely responsible for the perpetual maintenance upon construction completion of the Project.

On March 27, 2014, the Miami City Commission adopted Resolution No. R-14-0131 approving this JPA. The City will implement a Public Involvement Plan (PIP) to provide information to all affected property owners, tenants, and area residents for major work to be performed in the area. The Project is tentatively scheduled to begin construction in August 2014, and is anticipated to be completed by January 2015.

This AGREEMENT, made and entered into this \_\_\_\_\_ day of \_\_\_\_\_, 2014, by and between the CITY OF MIAMI, FLORIDA, a municipal corporation of the STATE OF FLORIDA, hereinafter referred to as the "City", and MIAMI-DADE COUNTY, a political subdivision of the STATE OF FLORIDA, hereinafter referred to as the "County".

**WITNESSETH**

WHEREAS, both parties herein wish to facilitate the construction of a sidewalk improvement project in MIAMI-DADE COUNTY, hereinafter referred to as the "Project" described as follows:

Installation of enhanced brick sidewalk along 1) Grand Avenue from McDonald Street to Mary Street, 2) Main Highway from McFarlane Road to Franklin Avenue, and 3) McFarlane Road from South Bayshore Drive to Grand Avenue; and

WHEREAS, the County wishes to utilize the resources of the City to contract and construct the Project, subject to the terms and conditions of this Agreement;

NOW, THEREFORE, in consideration of the promises and covenants contained herein, the parties agree:

### RESPONSIBILITIES OF CITY:

- 1.1. Permits and Approvals: The City shall obtain all necessary permits, and utility adjustments; and coordinate the review of construction documents by utilities and permitting agencies. The City shall make all necessary adjustments as required for approval and/or permitting by those agencies. The City shall obtain all necessary permits, and utility adjustments for the Project in accordance with applicable state, federal and local laws and ordinances. The City shall not pay for any permits required by the Miami-Dade County Public Works and Waste Management Department.
- 1.2. Public Information and Involvement: The City will implement a Public Involvement Plan (PIP) prior to and during the construction of the Project to provide information to property owners, tenants, and area residents, including but not limited to: public meetings, Project documentation and flyers, business signs, directional parking signs, and schedules for major work to be performed in the area. Appropriate investigation of the Project stakeholders shall be used to develop the goals and objectives to implement the PIP. The City shall submit a copy of the PIP to the County Public Works and Waste Management Director for review and concurrence prior to the Notice to Proceed for construction.

Projects that exceed \$1,000,000 in construction costs shall comply with the process and guidelines for the preparation and implementation of PIPs as established by Implementing Order 10-13.

- 1.3. **Publicity:** By the acceptance of these funds, the City agrees that the Project elements funded by this Agreement shall recognize and adequately reference the County as a funding source. The City shall ensure that all publicity, public relations, advertisements and signs recognizes and references the County for the support of all contracted activities. This is to include, but is not limited to, all posted signs, pamphlets, wall plaques, cornerstones, dedications, notices, flyers, brochures, news releases, media packages, promotions, and stationery. The use of the official County logo is permissible for the publicity purposes stated herein. The City shall submit sample or mock up of such publicity or materials to the County for review and approval. The City shall ensure that all media representatives, when inquiring about the activities funded by this Agreement, are informed that the County is its funding source.
- 1.4. **Accounting:** The City shall at all times maintain separate accounting for the costs of the Project so those costs may be independently verified and audited by the County, at the request and cost of the County. The City agrees to permit the County auditors to inspect the books, records and accounts of the Project for three (3) years after completion of the Project. These records shall be made available to the County for inspection within five (5) business days upon written receipt of a written request from the County.
- 1.5. **Construction:** The City shall procure the services of a licensed contractor holding an engineering contractor's license to construct the Project. The City may award the contract through any available lawful means, in accordance with Section 255.20, Florida Statutes, which in the City's discretion, affords

the most competitive price for construction of the Project and which may include, but is not limited to, bid solicitation, request for proposals, the award of a change order on existing City contract(s), or the extension of unit-prices provided in connection with prior competitive bid awards. Notwithstanding any provision to the contrary, the City shall comply with all applicable County contract compliance and oversight measures relating to the expenditure of County funds, in accordance with Section 6 of this Agreement. Prior to the advertisement to solicit a licensed contractor to construct the Project, the City will contact the County's Public Works and Waste Management Contracts and Specifications Section to ensure this compliance.

The construction contract shall also contain a requirement that the contractor(s) provide a payment and performance bond at least in the amount and form required by state law naming the County and City as joint obligees or joint contracting public entities. The construction contract shall contain a contingency amount to address unforeseen conditions and owner required changes which shall not exceed ten percent (10%) of the base amount of the sidewalk costs, unless otherwise approved by designated representatives of the County and City. The construction contract shall also contain an additional contingency of \$87,500.00 to be used only for tree removal and/or replacement costs. The commitment for the expenditures of any contingency funds shall not be made by the City without the prior written approval of the County Public Works and Waste Management Director. The County shall

respond, in writing, within thirty (30) business days of receiving written requests from the City to approve the commitment of contingency funds.

Subsequent to the evaluation of bids or proposals by the City and the City's determination of the most advantageous bid or proposal, the City shall provide said evaluation to the County Public Works and Waste Management Director for review and approval. Final commitment of County funds for the Project shall occur upon approval of the contract award recommendation by the County Public Works and Waste Management Director. The County agrees that the selection, retention and discharge of such contractor shall be the responsibility of the City.

**1.6. Claims and Change Orders:** The City shall notify the County Public Works and Waste Management Director in writing when claims or change orders arise. The City shall also invite the County to participate in negotiations of these claims and change orders. The County shall review and make a determination or approval of all change orders or supplemental agreements, permits, modifications of plans, or other requests for approvals submitted by the City.

**1.7. Construction Administration and Inspection:** The City shall exercise all responsibilities of the owner under the construction contract, including construction administration and inspections. The City may delegate this function to an authorized agent or Construction Engineering Inspection consultant. The County's inspector shall have an oversight role in the routine daily inspections. In the case of a disagreement over the interpretation of the

plans, the County Public Works and Waste Management Director or their designee shall have final authority subsequent to an independent final inspection by the County. The City's designated representative and the County's designated representative shall jointly perform the inspection of the Project which immediately precedes substantial completion. The City shall certify upon completion that the Project has been constructed pursuant to the design plans, specifications and approved change orders. Final payment to the City and obligation of maintenance responsibility to the parties shall be subject to the final acceptance of the Project by the County Public Works and Waste Management Director or their designee.

- 1.8. **Maintenance:** The City shall be solely responsible for maintenance upon construction completion of the Project. As such, the City and not the County shall be responsible for all claims, demands, liabilities and suits arising from allegations or suits in tort as to the condition of the sidewalk area.

## 2. **RESPONSIBILITIES OF COUNTY:**

- 2.1. **Funding Amount, Reimbursement of Project Costs:** The County agrees to provide funds up to \$1,529,000.00 for eligible costs, as defined herein, incurred by the City for the construction of the Project to be used as follows:

- 2.3. Project Cost Adjustments:** The amount contributed by the County is based on the current estimated costs of the Project. The parties recognize that adjustments to the above-referenced cost, may be required in the future, and that at the option of the parties, amendments may be entered into to revise the funds available for the Project. Provided that there is no increase in the amount of County funds required as stated in Section 2.1, amendments may be executed by the City Manager and the County Mayor or County Mayor's designee without the need for approval by the City Commission and County Commission. Otherwise, further funding commitments shall be subject to the approvals of the parties' respective governing boards.

- 3. ELIGIBLE COSTS:** The parties agree that only the below identified costs that may be incurred by the City that are directly related to the Project are eligible for reimbursement, provided adequate documentation accompanies the reimbursement

Secondary Gas Tax Funds shall not be used for brick pavers or the enhancement of standard items normally provided for by the County in County sidewalk improvement projects. The City may request County reimbursement of Secondary Gas Tax Funds only to a maximum amount corresponding to that which would be expended in providing the normal standard version of that item for a project of the same scope. Charter County Transportation Surtax Funds may be used for standard items, enhancement of standard items, and tree removal and/or replacement contingency in compliance with the allowable use of these funds.
